

GET READY TO MOVE IT, MOVE IT

SET THE TONE FOR THE TASKS AHEAD!

The Smooth Move CHECKLIST

FUN MOVING TIP!

"I Like To Move It" is a great moving anthem. Find fun, upbeat moving-themed playlists on music streaming services or create your own.

Start NOW! Packing always takes longer than you think.

Movers/Truck Rental — Hire reputable movers or ask friends and family to help. **Call in those favors!**

Packing Supplies — Check local stores for **FREE boxes**. Stock up on packing paper, tape, labels, etc. from your moving/rental company, local home improvement stores or order from Amazon.

Clean Out — Repeat daily: "The more I get rid of now, the less I'll have to pack." Donate, sell or discard the rest.

Electronics Photos — Before you disconnect, take pictures of your electronics configurations to help with set-up in your new home. Or ask a teenager.

Essentials Box — Think "deserted island." Set aside a box/boxes for toiletries (toilet paper?), bedding, clothes, medications, important documents and valuables.

Pack & Label — Unless you love guessing games, number and label each box by room and contents. Create a master list to ensure nothing gets lost.

Double Duty — Use bulky towels, blankets and pillows to cushion fragile items.

Address Change — Shockingly, not everyone knows you're moving. Update your address with service providers/businesses and arrange for the post office to forward your mail.

Self-Care — Stay hydrated, take breaks, and don't be afraid to ask for help. **Happy moving!**
