

Introduction

February 2009

Title insurance premium rates in Florida are set by law. The *Fund Title Insurance Premium Manual* provides a quick reference for premium determination of Florida title insurance policies by FUND Agents. The *Premium Manual* covers most commonly encountered situations, but the present premium regulatory scheme is complex. Agents may encounter situations in which the applicable premium cannot be determined without additional information not contained herein.

The *Premium Manual* sets forth premiums in two separate tables. The first table contains premiums for policies up to \$1,000,000, listed in increments of \$100. The second table contains premium rates for policies over \$1,000,000, listed in varying increments. Each table contains four columns. Reading from left to right, the columns are: **Policy Amount**, **Original Issue Premium**, **Complete Reissue Premium**, and **Policy Reissue Value**.

This *Premium Manual* facilitates quick manual determination of appropriate premiums where the appropriate premium is the **Original Issue Rate Premium**, a **Complete Reissue Premium**, or a partial **Reissue Rate Premium** plus partial **Original Rate Premium**. It does not include tables for **Substitution Loan Rate Premiums**, **New Home Purchase Discount Premiums**, or **Timeshare Premiums**.

The Original Issue Premium for a policy is not a Minimum Premium. It is *the* Premium for that Policy (unless a discounted rate Premium applies), and Fund agents may not charge a larger premium.

However, most title insurance policies with low **Coverage Amounts**, including but not limited to policies qualifying for a complete or partial **Reissue Rate Premium** or **Substitution Loan Rate Premium**, have **Minimum Premiums** of \$100. The most common exception is a **Lender's Policy** qualifying for a **Simultaneous Issue Premium** which may be issued for a minimum premium of \$25.

New Home Purchase Discount policies have \$200 minimum premiums.

Policies covering **Timeshare Properties** have \$60 minimum premiums.

For explanation of terms in **bold type**, please see the Glossary following this Introduction.

Glossary

The *Fund Premium Manual* uses the following terms with the meanings set forth beside them.

Butler Rebate. A rebate made by an agent to the party paying the Title Insurance Premium of some dollar amount from the agent's share of the Premium.

Complete Reissue Premium. The premium for a title insurance policy which has a qualifying prior Owner's Policy in a coverage amount equal to or greater than the new policy coverage amount. Therefore, the entire new policy premium is calculated at the Reissue Rate.

Endorsement. "Endorsement" refers both to a supplemental form attached to and issued with a title insurance policy and also to the specific additional coverage which it provides. In the large majority of cases, Endorsements are supplemental to the Lender's Policy rather than the Owner's Policy. Most Endorsements require an additional Premium over and above the policy Premium. Most, but not all, Endorsements may be issued for a minimum Premium of \$25. Some have maximum as well as minimum premiums. See Chapter 9 of the Fund Procedures Handbook for premium and other information for each Endorsement available in Florida.

Fund Share. Sometimes called "Remittance." The term refers to the Fund's portion of the Title Insurance Premium.

Lender('s) Title Insurance Policy; Lender('s) Title Policy; or Lender('s) Policy. The terms are synonymous. Sometimes the word **Mortgagee** is used instead of "Lender." All refer to a policy insuring the interest of a mortgage lender in property described in the policy.

Minimum Premium. The charge or price for a title insurance policy or an endorsement below which the premium cannot be reduced.

New Home Purchase Discount. A reduction in the premium which may apply to a title insurance policy premium based upon a prior Lender Title Insurance Policy under certain circumstances. See page 5 of this *Premium Manual* for details.

Original Issue Premium; Original Issue Rate Premium. The premium applicable to a title insurance policy assuming that there is no Reissue Premium or Simultaneous Issue Rate Premium available. The Original Issue Premium is the maximum premium which may be charged.

Owner('s) Title Insurance Policy; Owner('s) Title Policy; or Owner('s) Policy. A title insurance policy insuring the interest of the insured as an owner of property described in the policy.

Partial Reissue Premium. The Premium applicable to a policy pertaining to a policy which qualifies to have some, but not all, of its Premium calculated at the Reissue Rate. If a new policy qualifies for a Partial Reissue Premium, but not a Complete Reissue

Premium, then part of the new policy coverage will have its Premium computed at an Original Issue Rate.

Policy Coverage; Policy Coverage Amount; Policy Amount. The terms are synonymous and refer to the dollar amount of coverage specified in a title insurance policy.

Policy Reissue Value. The amount by which a qualifying prior Owner Title Insurance Policy will reduce the premium applicable to a subsequent Owner or Lender Title Insurance Policy having an equal or greater coverage amount. "Policy Reissue Value" is not a term defined in, or recognized by, Florida law. It is simply a concept which may aid in quick determination of the premium for a title insurance policy which qualifies for Partial Reissue Premium.

Premium; Title Insurance Premium. The charge or price established by law and paid for a title insurance policy or an endorsement to it. The premium is, in general, proportional to the coverage amount of the policy.

Rate. The premium applicable for increments of title insurance policy coverage. See the Policy Premium Rating Tiers, page 8. A rate may be an **Original Issue Rate** or a **Reissue Rate**.

Rating. The term refers to the process of determining the correct Premium for the policy being issued and all endorsements and also to determining the Fund Share of the Premium.

Reduced Rate Premium. Any Premium based on a Rate less than the Original Issue Rate.

Reissue Premium; or Reissue Rate Premium. A discounted premium, less than the Original Issue Premium, which pertains to a title insurance policy which has a qualifying prior Owner's Title Policy underlying it which enables issuance of the new policy at a Premium less than the Original Issue Premium.

Simultaneous Issue Premium; Simultaneous Issue Rate Premium; or Simultaneous Issue Rate. The terms are used somewhat interchangeably and refer to the premium charged for a Lender (mortgagee) Title Policy issued simultaneously with, and having the same effective date as, an Owner Policy covering the same property. The Rule provides for a minimum premium of \$25.

Substitution Loan Rate. A discounted premium rate applicable when the same owner refinances the same property with the same lender, and the prior mortgage being paid and satisfied was the subject of a prior Lender's Title Insurance Policy. The premium is calculated by determining the Original Issue Premium and then multiplying by a percentage less than 100%. See page 5 of this Premium Manual.

Timeshare Properties and Premiums. Timeshare properties may be insured by title insurance policies. They are referred to in Rule 690-186.003(1)(a) and (b) as "Multiple Conveyances on the Same Property." A policy covering a timeshare interest has a minimum premium of \$60.

Choose the Appropriate Rate when Determining the Premium

Reissue Premium Rate Disclosure

Fund Agents are reminded that in 2005 The Fund entered a settlement agreement regarding title insurance premium rates. It provides that Fund Agents will be advised that Reissue Rate Premiums, if applicable, shall be regarded as mandatory and not discretionary. Furthermore, the title agent is to inform the person paying the title insurance premium that a reissue premium rate may be available. The situations in which a reissue premium rate applies are promulgated in Rule 69O-186.003(2) of the Florida Administrative Code and set forth below. In all cases where a reissue premium rate is otherwise applicable, the agent must receive and retain in the closing file a complete copy of the underlying owner title insurance policy giving rise to reissue premium rate availability and also submit a copy of the underlying owner policy together with the copy of the new Fund policy.

Requirements for Applying the Reissue Rate Premium

There must be a prior owner's policy on the property meeting the following criteria:

- It insures the seller or mortgagor in the current transaction, and
- The agent must obtain the prior Owner's Policy, copy it, retain the copy in the agent's file, and send a copy to The Fund (attach it to the copy of the policy which the agent is issuing) so that The Fund can retain a copy.
- **If the Reissue Rate Premium is to be applied to a new Owner's Policy covering Improved Property** - The current transaction must be a sale of the property, and the new policy must have an effective date of less than three years from the effective date of the prior owner's policy.
- **If the Reissue Rate Premium is to be applied to a new Owner's Policy covering Unimproved (except for roads, curbs and utilities) Property, or if the Reissue Rate Premium is to be applied to a new Lender's Policy** – There is no limitation upon how much later the effective date of the new policy is compared to the effective date of the prior Owner's Policy.

Other Situations Involving Reduced Rate Premiums

Florida's regulatory scheme provides for reduced (Non-Original Issue) Premiums in several situations other than Reissue Rate Premiums.

1. Rule 690-186.003(2) F.A.C. provides for a **Simultaneous Issue Rate** for a Lender's Policy which is issued simultaneously with, and has the same effective date as, an Owner's Policy of equal or greater coverage amount. The Lender's policy may be issued for a Minimum Premium of \$25. The Rule prohibits charging a lower Premium than \$25. It does not prohibit charging more than \$25.
2. Rule 690-186.003(4) F.A.C. provides for a **Substitution Loan Rate** for Lender's Policy Premiums where the owner refinances property with the same lender which holds an existing mortgage on the same property. It provides for a Premium reduction for the Coverage Amount of the new Lender's representing the balance remaining on the mortgage being paid off. The Premium for that portion of the new Lender's Policy is determined based upon the Original Issue Rate, and then reduced by multiplying the Original Issue Premium by a percentage specified in the Rule. The percentage varies depending upon the age of the mortgage being paid off. The Premium for the remainder of the Coverage Amount of the new policy is computed at the Original Issue Rate. See the Rule and Chapter 9 of the Fund Procedures Handbook.
3. Rule 690-186.003(3) F.A.C. provides for a **New Home Purchase Discount**.

Requirements for Applying the New Home Purchase Discount

- The property must be improved residential property (one to four family).
- The transaction must be the first sale after a certificate of occupancy is issued, and the seller may not have previously leased or occupied the premises.
- The seller has previously purchased mortgagee title insurance on the property in question.
- If the discount would reduce the premium for the new title policy to an amount below \$200, a minimum premium of \$200 applies.
- The discount may not be combined with any other reduction from Original Issue Premium rates.

The Fund's policy is that Agents should apply the New Home Purchase Discount and Substitution Loan Rate whenever they are available in calculating policy premiums.

The Butler Rebate

As a result of the Florida Supreme Court's October, 2000, opinion in *Chicago Title Insurance Company v. Butler*, a Fund agent may rebate to the person paying the title insurance premium any portion of the Agent's share of the premium. The Fund's policy is that the entire appropriate promulgated premium should be disclosed on the settlement statement, charged as an expense against the appropriate party, and that the rebate should be shown on a separate line as a negative number (or expense reduction). **The rebate may be credited only to the party paying the title insurance premium and not to anyone else.**

For Additional Assistance With All Rating Questions

Please refer to the *Fund Procedures Handbook Chapter 9 – "Rating and Submitting the Forms,"* or call The Fund's Revenue Operations and Customer Service department, 1-800-275-2843 for premium rating assistance.

In addition, see *Chapter 10 – "Rules and Regulations,"* from the *Procedures Handbook (Rev. December, 2005)* reproduced herein and containing Rule 69O-186.003.

As this *Premium Manual* goes to press, The Fund is working on a policy premium rating engine which will be available to Fund Agents on The Fund's website.

Reminders

Original Issue Rate Premiums and Reissue Rate Premiums are **premiums**. They are **not minimum premiums**. **Fund Agents are directed not to charge a larger policy premium.**

There is **no distinction between the Original Issue Premium Rate and (if applicable) the Reissue Premium Rate between Owner's and Lender's Title Insurance Policies**, and **no distinction in the Premium Rate between fee simple and leasehold interests.**

Most policy Endorsements require Premiums additional to the policy Premium. Most, but not all, Endorsement may be issued for a Minimum Premium of \$25. However, the Comprehensive (Florida Form 9) Endorsement requires a Premium of Ten Percent of the Lender's Policy which it endorses, and if an Owner's Policy was issued simultaneously with the Lender's Policy, then the FF-9 Endorsement Premium is ten percent of the sum of the Owner's Policy Premium plus the Lender's Policy Premium.

On a policy qualifying for Reissue Premium, the savings between the Reissue Premium and an Original Issue Premium depends upon the Coverage Amount of the prior Owner's Policy. The larger the prior Owner's Policy, the smaller the Reissue Premium for the new policy will be, and therefore the greater the savings. The Reissue Premium for a new \$300,000 policy will be less if the underlying Owner's Policy Coverage Amount is \$200,000 than it would be if the prior Owner's Policy Coverage Amount were \$150,000. Hence, the \$200,000 prior Owner's Policy effects a greater savings on the new policy Premium than a prior \$150,000 would have.

However, the Premium savings is limited by the size of the new policy to be insured. If the new policy is for \$300,000, the Reissue Premium for it will be the same whether the prior Owner's Policy is \$300,000 or \$400,000.

For Additional Assistance With All Rating Questions

Please refer to the *Fund Procedures Handbook Chapter 9 – "Rating and Submitting the Forms,"* or call The Fund's Revenue Operations and Customer Service department, 1-800-275-2843 for premium rating assistance.

In addition, see *Chapter 10 – "Rules and Regulations,"* from the *Procedures Handbook (Rev. December, 2005)* reproduced herein and containing Rule 69O-186.003.

As this *Premiums Manual* goes to press, The Fund is working on a policy premium rating engine which will be available to Fund Agents on The Fund's website.

Policy Premium Rating Tiers

The following is a table of the Original Issue and Reissue Premium rates with the corresponding premium split to The Fund (Fund Share).

<u>Policy Coverage Amount</u>	<u>Original Issue Premium Rate Per \$1,000</u>	<u>Fund Share of Premium at Original Rate</u>	<u>Reissue Premium Rate Per \$1,000</u>	<u>Fund Share of Premium at Reissue Rate</u>
Up to \$100,000	5.75	30%	3.30	30%
Over \$100,000 and up to \$1 million, add	5.00	30%	3.00	30%
Over \$1 million and up to \$5 million, add	2.50	35%	2.00	30%
Over \$5 million and up to \$10 million, add	2.25	40%	2.00	30%
Over \$10 million, add	2.00	40%	1.50	30%
Minimum Policy Premiums				
Most Policies	\$100		\$100	
Multiple Conveyances (Timeshare)	\$60		\$60	
New Home Purchase Discount	\$200		NA	
Simultaneous Lender's Policy not exceeding Owner's Policy in Coverage Amount	\$25		\$25	

- Premium rates are quoted above in \$1000 increments but Premiums are calculated in \$100 increments. Any fraction of \$100 must be considered as a full \$100 for purposes of calculating the premium.
- Note that the Fund Share of the Original Issue Premium varies for different rating tiers of the rate table. For Reissue Rate Premiums, the Fund Share remains at 30% for all tiers.
- The premium for Simultaneous Mortgagee Policy coverage in excess of the Owner's Policy Coverage Amount is added to the minimum \$25.00 Simultaneous Rate Premium.

For additional information and examples on calculating policy premiums, please refer to *The Fund Procedures Handbook, Chapter 9, "Rating and Submitting the Forms,"* Rule 69O-186.003 F.A.C., or call The Fund's Revenue Operations and Customer Service Department at 1-800-275-2843.

Premium Calculations For Policies Up To \$1 Million (Examples)

This section has a table showing Original Issue and Reissue Premium Rates for Policy Coverage Amounts from \$100 to \$1,000,000 in increments of \$100.

Example: Calculate the **original issue rate premium** for a \$203,223 title insurance policy.

Use the Title Insurance Premium Manual:

For premium calculation purposes if policy coverage amount is not evenly divisible by \$100, round it **up** to the next \$100. The result is \$203,300. Locate the premium in the *Original Issue Premium* column.

<u>Up to</u>	<u>Original Issue Premium</u>
\$203,300	\$1,091.50

OR

$$\begin{aligned}
 \$100,000 @ 5.75 \text{ per } \$1000 &= \$ 575.00 \\
 \$103,300 @ 5.00 \text{ per } \$1000 &= \underline{\$ 516.50} \\
 \$203,300 \text{ policy} &= \$1,091.50 \text{ Premium}
 \end{aligned}$$

Policies Qualifying for Reissue Rate Premium

Example: Calculate the Premium for a new Owner's Policy with a coverage amount of \$101,114.00, which qualifies for a Reissue Rate Premium based upon a prior Owner's Policy with a Coverage Amount of \$80,420.00.

- 1) Calculate the Premium for the new policy as shown in the previous example using the Original Issue Rate. The premium is \$581.00.
- 2) Round the Coverage Amount of the underlying prior Owner's Policy up to the nearest number evenly divisible by \$100. That number would be \$80,500.
- 3) Locate the Policy Reissue Value of the underlying prior policy in the appropriate column. It is \$197.23. Subtract the Policy Reissue value from the Original Issue Rate Premium to obtain the Reissue Rate Premium for the new policy. $\$581.00 - 197.23 = \383.77 .

OR

$$\begin{aligned}
 \$80,500 @ 3.30 \text{ per } \$1000 &= \$ 265.65 \\
 \$19,500 @ 5.75 \text{ per } \$1000 &= \$ 112.12 \\
 \$ 1,200 @ 5.00 \text{ per } \$1000 &= \underline{\$ 6.00} \\
 &= \$ 383.77
 \end{aligned}$$

For policies over \$1 million, see the *Million Plus* section of this *Premium Manual*.

For Additional Information

Please refer to the *Fund Procedures Handbook Chapter 9 – "Rating and Submitting the Forms,"* or call The Fund's Revenue Operations and Customer Service department, 1-800-275-2843 for premium rating assistance. In addition, see *Chapter 10 – "Rules and Regulations,"* from the *Procedures Handbook (Rev. December, 2005)* reproduced herein and containing Rule 69O-186.003.

Using the \$100 to \$1 Million Tables for Policies up to \$1 Million

1. In the left hand column find the Coverage Amount of the new policy to be issued. If the Policy Coverage Amount is not evenly divisible by 100, round up to the next \$100.
2. If the policy to be issued does not qualify for a Reissue Rate Premium, Simultaneous Issue Rate Premium or other Reduced Rate Premium, find the Premium for the new policy in the second column from the left which says "Original Issue Premium." This is the appropriate policy Premium.
3. If there is a prior Owner's Policy which qualifies a Reissue Rate Premium to be used for the new policy (see page 4), **and the Coverage Amount of the underlying Owner's Policy is equal to or greater than the Coverage Amount of the new policy to be issued**, find the Premium for the new policy in the third column which says "**Complete Reissue Premium.**"
4. If there is a prior owner's policy which qualifies a Reissue Rate Premium to be used for the new policy, but the coverage amount of the underlying Owner's Policy **is less than the coverage amount of the new policy to be issued**:
 - a. Find the appropriate Original Issue Premium in the second column which would correspond to the new policy Premium if the entire Premium were at the Original Issue Rate;
 - b. Find the coverage amount of the underlying Owner's Policy in the left hand column, rounding up to the next \$100 if necessary, and follow that line to the right hand column which says "Policy Reissue Value."
 - c. Subtract the Policy Reissue Value for the underlying Owner's Policy from the new policy Original Issue Premium obtained in step a. The result is the appropriate Premium for the new policy.
5. If the policy to be issued is a lender's policy qualifying for a Substitution Loan Rate under Rule 69O-186.003(4) F.A.C., see the explanation on page 5 and Chapter 9 of *The Fund Procedures Handbook*.
6. If the policy to be issued is an owner's policy qualifying for a New Home Purchase Discount under Rule 69O-186.003(3) F.A.C., consult the Rule and Chapter 9 of *The Fund Procedures Handbook*.

For Additional Assistance With All Rating Questions

Please refer to the *Fund Procedures Handbook Chapter 9 – "Rating and Submitting the Forms,"* or call The Fund's Revenue Operations and Customer Service department, 1-800-275-2843 for premium rating assistance.

In addition, see *Chapter 10 – "Rules and Regulations,"* from the *Procedures Handbook (Rev. December, 2005)* reproduced herein and containing Rule 69O-186.003.

As this *Premiums Manual* goes to press, The Fund is working on a policy premium rating engine which will be available to Fund Agents on The Fund's website.

**PREMIUM CALCULATIONS FOR POLICIES OVER \$1,000,000
(EXAMPLES)**

This section includes a table displaying Premiums and Policy Reissue Values for policies exceeding \$1,000,000. Policy Coverage Amounts are listed in \$1,000 increments from \$1,000,000 to \$10,000,000; in \$100,000 increments from \$10,000,000 to \$50,000,000; and in \$1,000,000 increments from \$50,000,000 to \$250,000,000. Policy Coverage Amounts not evenly divisible by \$100 must be rounded up to the next \$100 before the premium is determined. Because Policy Coverage Amount increments increase as policies are larger, the table will serve best as an approximate reference. You will determine the appropriate premium most quickly by locating the Premium for the Policy Coverage Amount which is closest to, but not greater than, the new policy to be issued, calculating the Premium for the additional Coverage by applying the rate from the Rating Tier on Page 8, and adding the two. You may use other tools such as the \$1 Million Plus Policy Calculation Worksheet or refer directly to the Rule in determining the Premium and the Fund Share.

POLICIES OVER \$1,000,000

EXAMPLE: Calculate the Premium for a new Owner's Policy with Coverage Amount of \$10,456,114.00 using the table:

1. Round the coverage amount **down** to the nearest \$100,000 (because the Coverage Amounts over \$10,000,000 are set forth in \$100,000 increments in the tables). The result is \$10,400,000. Locate the \$10,400,000 Policy Coverage Amount and the Original Issue Premium for \$10,400,000 in the columns on the left.

<u>UP TO</u>	<u>ORIGINAL ISSUE</u>
\$10,400,000	\$27,125.00

2. You have determined the premium for the first \$10,400,000 of the new policy Coverage Amount. \$56,200 of the new Policy Coverage Amount remains to be rated. Determine the Premium for the remaining Policy Coverage Amount of \$56,114 by first rounding the Policy Coverage Amount **up** to the nearest \$100 (to \$56,200). Multiply this amount by the Original Issue Premium Rate which applies to each \$1000 of coverage above \$10,000,000. That rate is \$2.00 Premium per \$1000 of Coverage Amount. The Premium for the additional \$56,200 is \$112.40. ($56.2 \times \$2 = \112.40).
3. Add this Premium to the Premium from step 1 to obtain the total Premium. The result is a total new policy Premium of \$27,237.40.

Premium for first \$10,400,000 from (1) above	=	\$27,125.00
Plus Premium for incremental \$56,200 from (2) above	=	112.40
Total Premium		\$27,237.40

OR DO THIS IN ORDER TO CALCULATE FUND SHARE AS WELL AS PREMIUM

<u>COVERAGE</u>	<u>RATING TIER</u>	<u>PREMIUM</u>	<u>FUND SHARE</u>
\$ 100,000 @	\$5.75 per \$1,000	= \$ 575.00	X 30% = \$ 172.50
\$ 900,000 @	\$5.00 per \$1,000	= \$ 4,500.00	X 30% = \$ 1,350.00
\$ 4,000,000 @	\$2.50 per \$1,000	= \$ 10,000.00	X 35% = \$ 3,500.00
\$ 5,000,000 @	\$2.20 per \$1,000	= \$ 11,250.00	X 40% = \$ 4,500.00
\$ 456,200 @	\$2.00 per \$1,000	= \$ 912.40	X 40% = \$ 364.96
\$ 10,456,200		\$ 27,237.40	\$ 9,887.46

POLICIES OVER \$1 MILLION QUALIFYING FOR REISSUE RATE PREMIUM

EXAMPLE NO. 1: Assume on the preceding example that there is an underlying Owner's Policy in the Coverage Amount of \$2,517,000 which qualifies to give a Reissue Rate Premium for the new policy of \$10,456,114. Using the table, calculate the Premium for the new policy.

1. The Original Issue Premium Rate just determined for a \$10,456.114 policy is \$27,237.40.
2. Locate the Policy Reissue Value for the underlying \$2,517,000 policy from the table. It is \$2803.50.
3. Subtract the Policy Reissue Value from the Original Issue Premium:

\$27,237.40	Original Issue Premium for prior Coverage Amount of \$10,456,114
<u>- 2,803.50</u>	Policy Reissue Value for prior \$2,517,000 Owner's Policy
\$24,433.40	= Reissue Premium for the new policy

Note that the ***reduction in the new policy Premium from the Original Issue Premium depends upon the Coverage Amount of the prior Owner's Policy*** qualifying for reissue. If in this example, the underlying Owner's Policy Coverage Amount had been \$5,000,000 instead of \$2,517,000, the new policy premium would have been less:

\$27,237.40	Original Issue Premium for prior Coverage Amount of \$10,456,114
<u>-4,045.00</u>	Policy Reissue Value for a \$5,000,000 policy from table
\$23,192.40	= Reissue Premium for new policy

EXAMPLE NO. 2: Using the tables, determine the Premium for a new Owner's Policy with a Policy Coverage Amount of \$1,456,114 which qualifies for a Partial Reissue Premium based upon a prior Owner's Policy with a Coverage Amount of \$1,301,420.00.

1. Find the Original Issue Premium for the new policy coverage using the table:
 - (a) The premium for \$1,400,000 of new policy coverage is \$6,075.00.
 - (b) Round the remaining \$56,114 of new policy coverage up to the next \$100 increment to get \$56,200.
 - (c) Consulting the Rating Tiers, multiply \$56,200 by the premium rate applicable for coverage amounts above \$1,000,000 and up to \$5,000,000. That rate is \$2.50/\$1000). Therefore, the premium for the additional \$56,200 new policy coverage amount is \$1,405. ($\$56,200 \times \$2.50/\$1000 = \140.50).
 - (d) Add the premium for the first \$1,400,000 policy coverage amount to the premium for the remaining \$56,200 coverage amount. $\$6,075.00 + \$140.50 = \$6,215.50$. This is the Original Issue Premium for a new \$1,456,114 policy.

2. Determine the Policy Reissue Value for the prior policy Coverage Amount of \$1,301,420.
 - (a) Round the Coverage Amount of the prior policy **down** to the nearest \$1000 (because the table displays policy coverage amounts between \$1,000,000 and \$10,000,000 in \$1000 increments). Rounded down, the Coverage Amount becomes \$1,301,000. Locate the Policy Coverage Amount in the left column of the table and find the Policy Reissue Value in the right hand column.

POLICY AMOUNT	POLICY REISSUE
UP TO	VALUE
\$1,301,000	\$2,195.50

- (b) Round the remaining unused prior Policy Coverage Amount \$420 up to the next \$100 increment. Rounding up will give \$500.

- (c) Calculate the Policy Reissue Value for this incremental \$500 of the prior Policy Coverage Amount by calculating its Original Issue Premium and subtracting its Reissue Premium. Both the Original Issue Premium and the Reissue Premium must be determined by using the Rating Tier applicable for policy coverage amounts over \$1,000,000 but less than \$5,000,000, because the \$500 incremental policy coverage applies to the last \$500 of policy coverage of the underlying policy over and above \$1,301,000. The first \$1,301,000 was used in step (a). The Rating Tier for Policy Coverage Amounts from \$1,000,000 to \$5,000,000 shows that the Original Issue Premium for each \$1,000 of coverage is \$2.50, and the Reissue Premium for each \$1,000 of coverage is 50 cents. Therefore,

$$\begin{aligned}
 \text{Original Reissue Premium for } \$500 @ \$2.50 / \$1000 &= \$1.25 \\
 \text{Complete Reissue Premium for } \$500 @ \$2.00 / \$1000 &= \underline{\$1.00} \\
 \text{Policy Reissue Value for incremental } \$500 & \\
 \text{of prior policy coverage} &= \$0.25
 \end{aligned}$$

- (d) Add the Policy Reissue Value for the first \$1,301,000 of the prior Policy Coverage and the Policy Reissue Value for the remaining \$500 of prior Policy Coverage to obtain the Total Policy Reissue Value for the underlying \$1,301,420 policy.

Policy Reissue Value for \$1,301.000 from (a) above	\$2,195.50
Plus Policy Reissue Value for \$500 from (c) above	<u>.25</u>
TOTAL POLICY REISSUE VALUE FOR \$1,301,420 PRIOR POLICY	<u>\$2,195.75</u>

- (e) Subtract the total Policy Reissue Value for the underlying \$1,301,420 from the Original Issue Premium of the new policy.

Original Issue premium for new \$1,456,111 policy	\$6,215.50
Minus Policy Reissue Value for underlying \$1,301,420 policy	<u>2,195.75</u>
TOTAL PREMIUM FOR NEW \$1,456,111 POLICY	<u>\$4,019.75</u>

OR DO THIS IN ORDER TO CALCULATE THE FUND SHARE AS WELL AS THE PREMIUM

1. Calculate the first \$1,301,500.00 (\$1,301,420.00 rounded up to the next \$100) at Reissue Rate.
2. Calculate the remaining \$154,700.00 at original rate.

<u>COVERAGE</u>		<u>RATING TIER</u>		<u>PREMIUM</u>		<u>FUND SHARE</u>
\$ 100,000	@	\$3.30 per \$1,000	=	\$ 330.00	X 30% =	\$ 99.00
\$ 900,000	@	\$3.00 per \$1,000	=	\$ 2,700.00	X 30% =	\$ 810.00
\$ 301,500	@	\$2.00 per \$1,000	=	\$ 603.00	X 30% =	\$ 180.90
\$ 154,700	@	\$2.50 per \$1,000	=	\$ 386.75	X 35% =	\$ 135.36
\$ 1,456,200				\$ 4,019.75		\$1,225.26

HINT: When manually calculating Fund Share for policies over \$1 million, it is easier to use the above formula.

For Additional Assistance With All Rating Questions

Please refer to the *Fund Procedures Handbook Chapter 9 – “Rating and Submitting the Forms,”* or call The Fund’s Revenue Operations and Customer Service department, 1-800-275-2843 for premium rating assistance.

In addition, see *Chapter 10 – “Rules and Regulations,”* from the *Procedures Handbook (Rev. December, 2005)* reproduced herein and containing Rule 69O-186.003.

As this *Premium Manual* goes to press, The Fund is working on a policy premium rating engine which will be available to Fund Agents on The Fund’s website.

Exact Premiums must be calculated in \$100 increments.
