

ePolicy Manager[®] User Guide

ePolicyManager was created for Fund members who **do not** use DoubleTime as their closing software; but would like the convenience of receiving their Old Republic commitment and serialized policy jackets electronically. **ePolicyManager** users have the added benefit of generating a Rating Worksheet which can be printed or saved electronically for their records. Additionally, when final policy schedules are complete and ready for submission to The Fund, users can upload final policy schedules through **ePolicyManager** and a remittance invoice is generated.

There are two tasks which can be completed in **ePolicyManger**; **Creating a New File** and **Searching Existing File(s)** this User Guide will review both tasks.

Logging into The Fund website (Step 1)

1. Log into <u>www.thefund.com</u>, in the Launch Center select the ePolicyManager Launch App link.

Creating a New File (Steps 2 - 3)

2. Select the Create New File link.

Create New File Search Existing File(s)	

3. Select the appropriate branch location (if applicable) for your firm or title agency and select the **Submit** button at the bottom of the screen.

Generating a Commitment Jacket (Steps 4 - 17)

4. Enter general file details in the **File Information (Basic Rating)** section. Required fields are denoted with an (*) asterisk.
